New Alteration (widen at curb) Pave existing gravel Material 6" Asphalt 6" Conc.

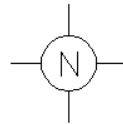

Date Construction to start _____ Signature _____ Date _____

New commercial driveways require the removal of the existing vertical curb and gutter and replacing it with new curb and gutter with a driveover lip. Please refer to sketch for details.

Widening of an existing driveway requires matching with existing driveover lip.

STANDARDS: Max. two entrances per frontage.
 Maximum width at curb is 75' or 60% of frontage.
 Must be 12" from side lot line. 30' between driveways.
 Vertical C&G must be replaced with driveover C&G.
 Call 362-7771 when forms are set for inspection.
